

Web Developer & AI Automation Specialist with 6+ years of experience in frontend and WordPress development. Experienced in building responsive business websites, dynamic WordPress solutions, WooCommerce stores, lead systems, and custom integrations. Specialized in WordPress, Elementor, Crocoblock, WooCommerce, custom HTML/CSS, JavaScript, and PHP, with growing expertise in AI-powered workflows and business automation. Focused on building websites and digital systems that help businesses capture enquiries, improve customer response, reduce repetitive work, and connect their website with the tools they already use.
